

# Find the providers and costs that work for you.

Our easy-to-use online tool helps you take control of your health care in one place.

## Find the Right Providers

We'll show you which providers and facilities are in-network for your plan, to help you save money and avoid higher out-of-pocket costs. Everything from primary care doctors and specialists to hospitals, imaging centers, urgent care centers, and more, including:

- Contact information and distance
- Board certifications
- Blue Distinction® Centers
- Physician quality measures, like awards and recognitions

You can also download your search results and print out details about the doctors.

## Estimate Your Costs

Our Care Cost Estimator helps you find the best value for medical procedures. This tool starts with the total procedure cost, and then figures in the amounts you're currently responsible for — things like your remaining deductible, copays and coinsurance, and benefit maximums — so that the estimated cost is as accurate as possible.

## Read Patient Reviews

**Patient Experience Review** ratings show other patients' opinions about their experiences with providers. You can search by star ratings and then rate your own experiences, just like with restaurants and movies.

## Try Smartshopper

With **SmartShopper** you can save money and earn a reward\* for choosing quality, convenient locations for routine eligible medical procedures such as MRIs, mammograms and colonoscopies.

Log in at [highmarkbcbs.com](https://highmarkbcbs.com) and select **Find a Doctor** to start your search.

Blue Distinction Centers (BDC) met overall quality measures, developed with input from the medical community. A Local Blue Plan may require additional criteria for providers located in its own service area; for details, contact your Local Blue Plan. Blue Distinction Centers+ (BDC+) also met cost measures that address consumers' need for affordable healthcare. Each provider's cost of care is evaluated using data from its Local Blue Plan. Providers in CA, ID, NY, PA, and WA may lie in two Local Blue Plans' areas, resulting in two evaluations for cost of care; and their own Local Blue Plans decide whether one or both cost of care evaluation(s) must meet BDC+ national criteria. National criteria for BDC and BDC+ are displayed on [www.bcbs.com](http://www.bcbs.com). Individual outcomes may vary. For details on a provider's in-network status or your own policy's coverage, contact your Local Blue Plan and ask your provider before making an appointment. Neither Blue Cross and Blue Shield Association nor any Blue Plans are responsible for noncovered charges or other losses or damages resulting from Blue Distinction or other provider finder information or care received from Blue Distinction or other providers.
