

# Global Health 1000

Effective January 1, 2020

Cigna has the world's largest and most extensive health care network. For many in-network doctors and hospitals, Cigna uses direct payment, guarantees of payment and other methods to eliminate or reduce costs. However, you may choose your own provider and are not required to use an in-network provider.

For medical care in the U.S., you receive the highest level of benefits by using an in-network provider.

See the reverse side for a glossary of terms used.

| Benefits  | Outside the U.S. <sup>1</sup> | In-Network U.S.                     | Out-of-Network U.S.               |
|---|-------------------------------|-------------------------------------|-----------------------------------|
| Deductible  |                               |                                     |                                   |
| • Individual  | \$1,000                       | \$1,000                             | \$2,000                           |
| • Family  | \$2,000                       | \$2,000                             | \$4,000                           |
| Plan pays/individual pays (co-insurance) (after deductible)   | 100%/0%                       | 80%/20%                             | 50%/50%                           |
| Maximum out-of-pocket (medical and prescription): individual/family (including deductible, co-pays and co-insurance) <sup>2</sup> | \$6,350/\$8,000               | \$6,350/\$8,000                     | N/A                               |
| Co-insurance and deductible out of pocket limit: individual / family  | N/A                           | N/A                                 | \$22,000/\$24,000                 |
| Primary care physician visit/specialist visit   | 100% after deductible         | \$25/\$45                           | 50% after deductible              |
| Telehealth  | 100% no deductible            | 100% no deductible                  | N/A                               |
| Wellness and preventive care  | 100% no deductible            | 100% no deductible                  | Not covered                       |
| Hospital inpatient (including maternity)  | 100% after deductible         | 80% after deductible                | 50% after deductible              |
| Outpatient services (CT scans, MRI, diagnostic)   | 100% after deductible         | 80% after deductible                | 50% after deductible              |
| Outpatient surgery  | 100% after deductible         | 80% after deductible                | 50% after deductible              |
| Emergency room  | 100% after deductible         | 80% after \$100 co-pay <sup>3</sup> | 50% after deductible <sup>4</sup> |
| Urgent care   | 100% after deductible         | \$45                                | 50% after deductible              |
| Chiropractic services (20 visits annually)  | 100% after deductible         | \$45                                | 50% after deductible              |
| Mental health and substance abuse: inpatient services   | 100% after deductible         | 80% after deductible                | 50% after deductible              |
| Mental health/substance abuse: office visit   | 100% after deductible         | \$25                                | 50% after deductible              |
| Vision exam (one exam every 12 months)  | 100% after deductible         | \$25                                | 50% after deductible              |
| Travel immunizations <sup>5</sup> (for employees and dependents)  | 100% no deductible            | 100% no deductible                  | 100% no deductible                |
| Lifetime maximum  | Unlimited                     | Unlimited                           | Unlimited                         |

<sup>1</sup> For care outside the U.S., you may be required to pay the provider and then submit a claim for reimbursement.

<sup>2</sup> All amounts a participant pays for covered expenses, including care outside the U.S. and in-network and out-of-network care in the U.S., accumulate toward your maximum out-of-pocket limit.

<sup>3</sup> The deductible does not apply under emergency room for in-network U.S. However, if you are admitted to the hospital, the co-pay is waived and the deductible applies.

<sup>4</sup> If services are provided by an out-of-network U.S. emergency facility for a true emergency, as determined by the claims administrator, benefits will be paid at the in-network level.

<sup>5</sup> Injectable anti-malarial drugs are covered under the travel immunizations benefit. If the medication is provided in a pill format, it is covered under the prescription drug coverage.

|                               | Prescription Drug Coverage | Outside the U.S. You Pay | In-Network U.S. You Pay | Out-of-Network U.S. You Pay |
|-------------------------------|----------------------------|--------------------------|-------------------------|-----------------------------|
| Retail<br>(30-Day Supply)     | Generic                    | 20%                      | \$15                    | 50%                         |
|                               | Preferred                  | 20%                      | \$35                    | 50%                         |
|                               | Non-preferred              | 20%                      | \$50                    | 50%                         |
| Mail Order<br>(90-Day Supply) | Generic                    | N/A                      | \$45                    | N/A                         |
|                               | Preferred                  | N/A                      | \$105                   | N/A                         |
|                               | Non-preferred              | N/A                      | \$150                   | N/A                         |

Note: If the cost of the prescription (in-network U.S.) is less than the co-pay, the participant will pay the full cost of the prescription. A 12-month supply of your prescription is available for international assignments.

## Glossary of Terms

**Co-insurance and deductible out of pocket limit (out-of-network)** — The most you will have to pay in a year in out-of-network deductibles and co-insurance for covered benefits.

**Deductible (family)** — When family members meet the plan amount determined to be the family deductible, the plan will consider all family members to have met their deductibles. One individual cannot contribute to the family deductible more than the amount determined to be the individual deductible (this is an embedded deductible).

**Deductible (individual)** — The amount an individual is required to pay before benefits begin for services not covered by co-pays. Once this amount is met, the plan will begin paying claims for that individual at the co-insurance level.

**Mail order** — Mail order is a service that allows you to refill recurring prescriptions (90-day supply) through an online pharmacy. You receive your prescriptions via mail.

**Maximum out-of-pocket (medical and prescription)** — The maximum out-of-pocket limit includes the deductible, co-pays and co-insurance. After an individual has satisfied this amount, the health plan covers all eligible health care expenses, including co-pays, for the rest of the plan year.

**Non-preferred drugs** — Prescribed medications that are not on the plan's formulary.

**Preferred drugs** — Also known as formulary drugs, this is a list of commonly prescribed, brand-name medications that are selected based on their clinical effectiveness and opportunities to help control your plan's costs.

**Primary care physician co-pay** — The amount you pay for an office visit to an in-network, primary care physician such as a pediatrician, general practitioner, family practitioner, internist or gynecologist.

**Retail pharmacy benefits** — This refers to filling your prescriptions at a participating network pharmacy. This approach is best for short-term prescriptions (up to 30-day). You could save money on co-pays by filling recurring prescriptions via mail order (see above).

**Specialist** — Any physician not considered a primary care physician.

**Telehealth** — The use of telephone and/or live video technology in order to provide medical care via the Cigna Wellbeing mobile application.

**Urgent care** — Treatment at an urgent care facility for the onset of symptoms that require prompt medical attention.

**Vision exam** — Covers one annual eye exam per covered family member, which may include an eye health examination, dilation and/or refraction. Coverage does not include glasses or contact lenses (unless there has been a cataract extraction), eye surgery or retinal telescreening. See the *Preventive Care Schedule* for additional vision screening coverage for children when performed by a pediatrician or primary care physician as part of an annual well-child visit.

**Wellness and preventive care** — Refers to the services listed on the *Preventive Care Schedule*, which are covered at 100%, not subject to the deductible. The *Preventive Care Schedule* is based on services required under the Affordable Care Act of 2010 (ACA), as amended.

This information only highlights the depth of coverage and benefits you can receive under these plans. There are limitations and exclusions that apply. This is a general overview of plans that are offered. The official plan documents and insurance contracts set forth the eligibility rules, limitations, exclusions and benefits. These alone govern and control the actual operation of the plan.
